Welcome to Prestige Seating Technology

Prestige Seating Technology is Europe's leading supplier to the Leisure Industry of chromium and brass plated metal furniture. Worldwide, many prestigious bars, nightclubs, discotheques, casinos and other leisure establishments have benefited from the company's high quality furniture.

The revolutionary self-levelling, self-returning gas lifts can be fitted to all stem chairs. Most of the chairs can be fitted with a swivel or a self-return swivel. The company also pride themselves in manufacturing bespoke chairs to customers specified designs.

All PST chairs are carefully designed and tested to provide the optimal casino experience for the player. PST chairs are engineered for comfort, with exceptional attention to detail paid to every aspect of the chair, from the seat back and bottom to the frame and footrest. This relentless attention to detail and quality means that PST chairs are more comfortable and durable, which translates to more "time on device" – a true measurement of success for every casino.

gaming equipment

New and refurbished black jack and roulette tables can be supplied at highly competitive prices. Refurbished premier name roulette wheels can also be supplied at affordable prices.

contract sofas

We can design and produce custom made contract sofas to your precise specification and measurements

Contract Sofas, these are used in public environments whether in a Hotels entrance lobby or if it's used for providing comfortable seating in Casino or Bingo Club. A contract sofa can be manufactured to withstand high levels of usage and upholstered using the appropriate CMHR foams and finished in a CRIB 5 fabric..
